

UNION HEAD CLAIMS BREAK IN RAIL STRIKE, MANY RETURN TO WORK

REPORTS SHOW NEARLY 30,000 MEN ARE OUT OVER THE COUNTRY

Insurgent Leaders Claim Strike Will be Carried Out to a Finish—Freight Embargoes are Declared in Many Cities—Investigation of the Cause of Strike Ordered by U. S. Senate—Reports from Many Cities

CHICAGO, Ill., April 9.—A further improvement today, the statement said, "all the railroads are handling all their passenger and suburban trains as usual. The labor brotherhoods continued to bring in numbers of their organization from outside points to fill the places of the strikers and there is good reason to believe conditions in the Chicago district will continue to improve rapidly within the next few days."

In the New York area, railroad officers and the union leaders were bending over effort to break the strike, and although conditions were reported to be improving the situation was still considered serious. Nearly 4,000 employees of 23 railroads entering Toledo including switchmen, engineers and firemen were reported idle today.

In the St. Louis district including East St. Louis and Madison, Ill., an embargo on all incoming and outgoing freight was ordered. Yardmen on 27 roads were on strike.

All railroads in Kansas City operating under contracts with the brotherhood of railway trainmen were affected. An embargo was declared on incoming freight and packing plants curtailed their output from 50 to 75 percent.

Points throughout the southwest reported embargoes had been placed on freight and cattle shipment to St. Louis, Kansas City and Chicago, and freight traffic between New Orleans and Chicago was suspended.

Rail centers in California felt the freight restrictions, and eastward along the transcontinental lines several terminals reported strikes.

The following conditions were reported in the cities affected: Chicago, 8,000 men out; New York and Jersey City, 2,000.

St. Louis, 5,000. Toledo, 4,000. Detroit, 1,500. Los Angeles, 1,400. Buffalo, 1,300. San Francisco, 440. Pittsburgh, 1,000. Kansas City, 440. Gary, 300.

Syracuse, 250. Salt Lake City, 200. Saginaw, Mich., 200. Ogden, Utah, 150. Decatur, Ill., 107. Pueblo, Colo., 102. Springfield, Ill., 50. Joliet, Ill., 50. Scranton, Pa., 50. Pocatello, Idaho, 100. Fort Wayne, Ind., 35.

One thousand switchmen at Omaha and Council Bluffs voted to support the striking switchmen. Railroad employees of the Valley Junction yards of the Rock Island near Des Moines voted not to strike.

Six railroads delivered 172 cars of livestock to packing houses today. This was the largest amount received in any one day this week. With rail transportation seriously hampered the packing plants used automobile trucks to deliver meats. Morris and Company despatched trucks every half hour to nearby cities and towns.

About 25,000 men were idle at the stock yards for lack of livestock to slaughter. A list compiled by the Chicago association of Commerce showed that twelve railroads were receiving dead freight shipment. Most of the lines however, still had a heavy load of perishable shipments. Express was taken by the American Railway Express company for all but thirteen states.

Nine of twelve blast furnaces at Gary, Ind., have been banked because of a lack of raw materials and 12,000 workers are idle. Switchmen of the Elgin, Joliet, and Eastern railroad at Joliet refused to walk out.

The question of wages and hours had become of secondary importance according to John Grunau, president of the Chicago Yardmen's association which called the original walkout.

"The fight has become one of supremacy between the new and the old unions," Grunau said. "We railroad men are tired of receiving nothing but promises from our leaders. We demand results."

An optimistic statement was issued today by the Western General Managers' association composed of managers of all roads entering Chicago.

BROTHERHOOD CHIEFS ISSUE STATEMENT

CLEVELAND, April 9.—A signed statement was issued tonight by the chiefs of the four big transportation brotherhoods saying the present strike of switchmen was originated for the purpose of destroying the Brotherhood of Railroad Trainmen and the Switchmen's Union of North America and that the wage demand proper for the switchmen was being made.

The statement follows: "The present strike of men engaged in switching service was originated in Chicago by a new organization that has for its purpose the destruction of the railroad union and in its inception had nothing to do with the wage question but was a demand for the reinstatement of a leader of the opposition organization. After this strike was instituted for this purpose the leaders of the new organization then injected the wage question for the sole purpose of deceiving the yardmen through the United States and promote the 'one big union' idea. There can be no settlement of pending wage questions while this illegal action continues. We insist that every member of these brotherhoods do everything within their power to preserve their existing contracts, to break the strike, and although conditions were reported to be improving the situation was still considered serious. Nearly 4,000 employees of 23 railroads entering Toledo including switchmen, engineers and firemen were reported idle today.

"The laws of all these organizations provide penalties for members engaging in illegal strikes and these will be enforced. (Signed) "L. E. Sheppard, president Order of Railroad Conductors. "W. G. Lee, president Brotherhood of Railway Trainmen. "W. S. Stone, Grand Chief Engineer, Brotherhood of Locomotive Engineers. "W. H. Carter, president Brotherhood of Locomotive Firemen and Enginemen."

The Chicago yards is definitely past," a statement by railroads affected by the walkout said tonight.

There was a small increase in the number of switching crews in service the statement said due to the return of strikers on some roads and the arrival of Brotherhood members from outside points to take the place of the strikers.

Reports that members of the Brotherhood of Locomotive Engineers in the Chicago yards had struck were denied.

The embargoes which have been lifted as conditions improve the statement said.

Congress May Take Hand. Washington, April 9.—Virtual admitting that the strike of railroad trainmen and switchmen over the country had gotten beyond the control of union officials, W. G. Lee, president of the Brotherhood of Railway Trainmen, telegraphed Representative Cooper, Ohio, today asking whether present laws "apply to renegade organizations or those inciting illegal strikes."

Mr. Cooper, who is a member of the Brotherhood of Locomotive Engineers took up the matter with Acting Attorney General Ames and was told that while the department of justice was watching the situation it had no statement to make at this time.

The senate today had adopted without a record vote Senator McCormick's resolution directing the interstate commerce commission to investigate all strikes of railroad employees not sanctioned by the responsible officers of the railroad unions. Chairman Cummins of the interstate commerce committee announced late today that the investigation would begin next Tuesday.

Meanwhile the senator has telegraphed to Mr. Lee asking for the names and address of the labor leaders in Chicago connected with the strike with a view to summoning them before the committee.

In calling up his resolution Senator McCormick said President Wilson's failure to appoint the members of the railroad labor board which is to handle wage and other disputes under the provisions of the transportation act made the senate investigation necessary for in no other way could the public be given the facts while house officials said today the president was selecting the members of the board and that the nominations could be looked for at any time.

Administration officers are giving close attention to the strike but they indicated that the government would not intervene at this time leaving the matter to the union officials to handle.

COMPULSORY MILITARY TRAINING IS DEFEATED AFTER HOT FIGHT

Movement Started in Senate to Eliminate all Training Provisions of Bill

WASHINGTON, April 9.—Compulsory military training was shelved today in the senate and after a plan for voluntary training of youths was substituted in the army re-organization bill a fight was started to eliminate this and strip the bill of all training provisions. Final action went over until Monday the senate voted 46 to 9 to substitute the voluntary for the compulsory method. There was no direct vote on the compulsory plan. Its defeat was conceded and, to provide for some method for training American youths many advocates of compulsory training supported the amendment of Senator Frelinghuysen, Republican, New York, incorporating the voluntary method. Chairman Wadsworth of the military committee gave notice that the bill would be made to retain the voluntary plan under which all youths between 18 and 28 years of age could enlist for four months training in any year selected by them. Upon concluding training they would enter the organized reserve for five years and during that period be required to participate twice in annual maneuvers lasting two weeks.

In substituting the voluntary for the compulsory training provisions twenty-two Republicans and twenty-four Democrats supported the Frelinghuysen amendment. Seven Republicans and two Democrats opposed the substitution.

Advocates of compulsory training made a final stand. Senator Chamberlain, Democrat, Oregon, declared that President Wilson had advocated the policy, but Senator Hitchcock, of Nebraska, administration leader and Senator McKellar, Democrat, Tennessee, the senate vote eliminates compulsory military training from consideration in future development of the army re-organization bill. The house bill has no training provisions compulsory or voluntary and the enforcement method, therefore will not come before the conferees.

SMALL PAY THREATENS DISASTER TO AMERICAN NAVY, SAYS ADMIRAL

Thousands of Desertions in the Past Year Becoming Very Serious to Country

WASHINGTON, April 9.—Thousands of desertions in the navy in the last year have brought conditions unparalleled in American naval history. Rear-Admiral Thomas Washington, chief of the bureau of navigation today told the senate investigating committee. The whole naval service he warned is threatened with disaster unless congress immediately enacts legislation raising the pay of officers and men to a point that will allow the navy to compete with civil occupations.

There were 4,666 desertions in the last six months of 1919, Rear-Admiral Washington declared and thus far this year they have averaged around 700 a month, many being petty officers of several years' experience. At present rates of pay, he said, recruits cannot be obtained.

Rear-Admiral F. F. Fletcher, member of the naval general board testifying as to the navy's preparation for war and the navy's financial condition, declared that the navy was unprepared for war and had no well defined plans or policies. He asserted that two years before the United States joined the allies a complete plan for war against a "central European power" was prepared and kept corrected up to date through hostilities.

Howat Will Stand Pat. Girard, Kans., April 9.—Whatever the next move of officers of District No. 14, United Mine Workers may be, it will be directed toward forcing Governor Henry Allen to make good on his industrial court law he has talked so much about to fail.

Alexander Howat, president of the district said late tonight in the Crawford county jail. "I do not know whether we shall appeal this case to the supreme court," Howat said. "That is a matter in which we will be guided by our attorney, Phil H. Calvery. There is another way to bring this thing to a show down. That other way is a strike of the miners of the district."

"The workers of Kansas are not going to submit to this law," Howat continued. "It isn't a law; it's an outrage."

Howat gave the following statement to the press: "Our position now is the same as it has been from the beginning since the industrial court law was passed at the instigation of Governor Allen. This law is intended to enslave the working class of this state and to destroy organized labor and is intended to put the mine workers and all other classes of labor back where they were years ago before we had an organization. The mine workers of District No. 14 were compelled to strike for four years in order to compel the coal operators in this state to recognize our right to belong to a labor organization. The miners and their families suffered untold hardships to establish our organization here. We were fighting them for a principle and we hoped that when the fight was won we could stand up and proclaim to the world that at last we were free men. Governor Henry Allen and the Kansas legislature have decided now to put us back where we were years ago."

HOWAT AND THREE MINER OFFICIALS ARE SENT TO JAIL

Charged With Contempt of Court by Federal Judge

MINERS MAY QUIT WORK

PITTSBURG, Kans., April 9.—Alexander Howat, president of district No. 14, United Mine Workers of America, and three other district officials were sent to jail by District Judge A. J. Curran today for refusal to testify before the new Kansas industrial relations court. Howat and his three associates who were charged with contempt of court, were taken to jail at Girard, Kansas, late today.

Judge Curran's order provided that they shall remain in jail until they agree to answer questions by the industrial relations court or until they shall be released on bond pending an appeal to the state supreme court.

Besides Howat those sent to jail were August Dorchy, vice-president, Thomas Harvey, secretary-treasurer, and Robert Foster, auditor.

The controversy arose with the decision of the industrial court to go into the Kansas mine fields to make a personal investigation of conditions there, including wages, relation of production and income, living conditions and the relations of the individual miners and operators.

When the industrial court convened here Monday 25 subpoenas were issued for mine officials and leaders in addition to many miners.

Howat and four other officers refused to recognize the subpoenas. Attorney General Hopkins then appealed to Judge Curran who issued a bench order directing the officials to appear before the industrial court forthwith.

Again they refused. They were cited for contempt and the hearing held this morning. Judge Curran's order provided that they shall remain in jail until they agree to answer questions by the industrial relations court or until they shall be released on bond pending an appeal to the state supreme court.

After the court pronounced sentence the four men were taken in charge by an under sheriff who led them thru the crowd. In passing from the room many spectators addressed words of encouragement to them. Howat answered some with a smile, others with a handshake.

The men were permitted to go to union headquarters and then to their homes for luncheon and to prepare for the trip to Girard, which was made by motor car.

Whether the miners in the Pittsburgh fields will work tomorrow is a question here tonight. Operations at several mines were suspended today it was said because the miners wished to attend the hearing of their leaders.

With the incarceration of Howat and three other officials, Thomas Cunningham, auditor, becomes acting head of the district.

Cunningham was reported to be in Girard tonight. Attendants at the industrial relations court said that the next move in the case must be made by the defendants.

PROPOSE CREATION OF LATIN-AMERICAN COURT

WASHINGTON, April 9.—(By The Associated Press).—After studying the state department's interpretation of the Monroe doctrine sent several weeks ago the congress of Salvador adopted a decree proposing the creation of a Latin-American court of arbitration with the United States excluded. Should the Pan-American Union with headquarters here, the Central American court of justice of Cartago and the international bureau of Guatemala, in the formation of which the United States was instrumental would be abolished. It was learned today that copies of the decree had been communicated to the Central and South American republics. The decree follows in part: "The executive is hereby authorized to address the chancelleries of the Latin-American countries thru whatever instrumentalities he may deem most suitable with a view to bringing to their knowledge and consideration the establishment of a court of arbitration to settle international difficulties of any nature arising among the signatory powers subject to the following conditions: "1. Each of the signatory powers shall name a judicial representative who shall serve for the period fixed by its constitution. "2. The signatory powers shall submit to the court all questions that might give rise to international complications wherever they cannot be settled by the members involved. In the event of a conflict arising between the signatory powers and another nation not signatory to the court and on agreement having been reached the signatory powers shall place all the documents in the case at the disposal of the court which shall proceed as it deems best toward settlement of the difficulty. The country benefited shall be obliged to bear the expenses according to its resources and in the discretion of the court. "3. The court shall aid in the construction of ships among the signatory powers which do not possess them. These shall be devoted in times of peace to trade purposes and during the war to coastwise defense. "4. Should civil war break out in a signatory power, the court may intervene to bring about a cessation of the horrors whenever it shall deem it necessary. "5. The court shall devote special attention of the enactment of adequate uniform legislation among the signatory powers and to simulating the friendliest possible relations. "6. The executive is hereby authorized to offer the capital of the republic to the other nations in the event that no other be chosen for the first meeting and to pay the necessary expenses. "7. Immediately after the installation of the Latin-American court, the central American court of justice or cartago the international bureau of Guatemala, and the international bureau of American republics (the Pan-American Union) with its seat in Washington shall cease to function should the court so decide."

COST OF LIVING HAS INCREASED FASTER THAN MINERS' PAY

Figures Submitted at Meeting of Sub-Committee Negotiating New Scale

NEW YORK, April 9.—The cost of living in the Anthracite mining region has increased 95 percent since 1915, while the wages of the mine workers have advanced but 49.8-10 percent in the same period according to figures submitted by representatives of the miners at today's meeting of the sub-committee negotiating a new wage agreement for the hard coal fields.

While the increases to the day men in some instances is in excess of that given the contract workers the miners pointed out they were applied to exceptional low wage rates.

The mine workers also presented family budgets prepared in the mining region showing that it cost \$2,112 per year for the necessities of life. Figures prepared by the United States bureau of labor statistics showing the "minimum comfort budget" for a mine worker's family is \$2,243.94, they said. While the budget takes as a basis a family of five, the mine workers declared the average miner's family consists of more than five persons.

The budgets and figures were presented by the miners in reply to statistics introduced by the operators to show that the average earnings of the mine workers were approximately \$1,500 per year and represented a living wage.

LOWDEN IN PLEA FOR NATIONAL BUDGET

Chicago, April 9.—A plea for a national budget system was made by Governor Frank O. Lowden of Illinois, candidate for the Republican presidential nomination in an address today.

"Unless our department of our national government is created whose duty it will be to save money and not to spend it, the huge expenditures of administering the affairs of this nation will continue mount ceaselessly upward."

"Such a department must be organized. It must be empowered to prepare the annual budget of the nation's income and outgo and must supervise the expenditures of every other branch of the government."

"If the people of this country who are interested in good government will not devote sufficient time and trouble to see that proper officers are chosen the handful of persons who are interested in twisting the government to their personal ends will gain control."

NORTH CAROLINA WILL RATIFY SUFFRAGE

WASHINGTON, April 9.—Declaration of the North Carolina state convention yesterday in favor of ratification of the woman suffrage amendment means "it is all over but the shouting," Secretary Daniels said in a telegram sent today to Mrs. Carrie Chapman Catt, president of the National Woman Suffrage association.

"The North Carolina legislature is certain to ratify," the secretary said, "thus giving us the 36 states necessary."

PEACE RESOLUTION PASSES IN HOUSE BY BIG MAJORITY

Final Vote 243 to 150—21 Democrats Join G. O. P.

NOW GOES TO SENATE

WASHINGTON, April 9.—The Republican union resolution declaring the state of war with Germany at an end and repealing most of the war time legislation was adopted today by the house. It now goes to the senate.

The vote on the passage of the peace resolution was 243 to 150, present. Twenty one Democrats joined with the Republican majority in support of the resolution and two Republicans voted against its adoption.

Democrats voting for the resolution were: Ashbrook, Caldwell, Dooling, Cullen, Gallivan, Gormley, Goldfogle, Huddleston, McKiurey, McClain, Maher, O'Connor, Pell, Hamill, Olney, Sherwood, Sullivan, Tague, Carew, Evans, (Nevada), Mead.

Republicans opposing it were: Fuller, Mass., and Kelley, Michigan.

Before adopting the resolution the house voted down a motion by Representative Flood of Virginia, the ranking Democrat of the foreign affairs committee to send the resolution back to that committee with instructions to report a substitute repealing all wartime acts. The vote on that motion was 171 for and 221 against.

On the Democratic substitute offered as a motion to recommit, three Democrats lined up with the Republicans while two Republicans joined the minority. The greater break in the Democratic ranks came on the final vote.

Chairman Porter of the foreign affairs committee claimed after the roll call that twenty more votes would carry the resolution over a presidential veto. Democratic members, however, said a vote on that question would see party alignments seriously intact.

The vote ended a two day battle of words in the house.

The debate began at 11 o'clock yesterday morning and occupied all of the time of the house for more than twelve hours. It was marked through by sharp partisanship except for those on each side who broke away from party lines to join the opposition.

Former Speaker Clark and Representative Clark and Representative Kitchen of North Carolina, took a leading part in the fight on the Democratic side, while Representative Mondell, the Republican leader who closed the debate received a warm greeting from his party colleagues. Representative Kitchen's speech aroused the Democrats to an outburst of cheering as he assailed the Republican membership charging them with hypocrisy and challenging them to present a straight proposal for repeal of war time legislation if they were sincere.

At the close of his speech Mr. Kitchen suffered a collapse, resulting from what was said by his physicians to be a light stroke of paralysis. Representative Mondell later expressed the sympathy of the house for Mr. Kitchen, the members standing while he spoke.

Representative Longworth, Republican of Ohio was particularly sharp in his references to President Wilson's attitude on the league of nations which he described as an "un-American monstrosity."

The debate was unusual in that it consisted largely of a symposium of orders of state, former members speaking extemporaneously. The usual recitation of speakers also was lacking and the house sat hour after hour thru the flood of oratory with pertinacity as for the most part and strict party division governing even that. There was little attempt at applause at a crowded gallery.

At one point today was party support suddenly shifted. When Representative Kelley, Republican of Michigan was recognized to oppose the resolution, Democratic seats were filled as the Republicans were massed yesterday when Representative Huddleston, Democrat, Alabama, declared his intention to vote for the measure.

Representative Kelley and he was accorded additional time by the Democratic leaders con-

Henry Ford asks that his campaign expenditures be investigated. Let the request be granted and the whole story told about the senatorial contest in Michigan. Undoubtedly too much money was spent there and unlawfully. But the campaign revelations thus far have been of a one-sided kind.

An industrial court is one of the most important proposals made to the Illinois constitutional convention. The plan suggested varies somewhat from that in operation in Kansas and those who have studied the bill believe it presents some changes which will win favor with the public. Certainly these times give point to the increasing need for some manner of settling industrial disputes which are growing in such an alarming way.

If you are in doubt where you will vote in next Tuesday's election consult the list of polling places in the county. Go to the polls next Tuesday, help select

members of the county Republican committee and let the country know that Morgan county Republicans endorse Gov. Frank O. Lowden for the presidential nomination.

The record the governor has made and Illinois spirit both suggest this course.

IT WILL NOT LAST LONG.

The strike of the switchmen is deemed illegal by the officers of the regular union organization. Nevertheless it seems to be quite effective and is already causing immense loss and inconvenience to the public. A strike which does not have the public sympathy cannot succeed or last long. What then is the prospect for a strike without either public sympathy or the support of regularly organized labor?

A digest of all state laws which contain benefits for service men and their families which already has been of great use to the War Department, Council of National Defense and other governmental bureaus and countless veterans of the World War, has been prepared by the American Red Cross. Laws pertaining to bonuses, provisions for financial assistance, education, employment, land grants, information concerning homes for the orphans of deceased service men, provisions for burial expenses and numerous other advantages for disabled men and their families are contained in the digest.

DR. SMITH'S REMEDY

We agree with Dr. Smith that what the times demand is a quickened spiritual pulse. Strikers on one hand and profiteers on the other are equally responsible for the present unsatisfactory condition.

tions. The minister believes, and with good argument to support this belief, that the desired betterment in conditions is not going to be accomplished immediately by force or by legislation.

There must be laws and rules of conduct but there must also be a change in men's hearts. If people do not awaken to the more important things of life—if they do not cultivate something more of unselfishness, where will this grabbing, getting spirit of restlessness lead?

THE COLLEGE AS A BUSINESS

There are many methods by which the value of a college to a community may be estimated. The sum total will run to big figures. Talking only from a business standpoint the best example in local records is that of Springfield. The capital city only a few months ago carried on a strenuous campaign and made an offer of \$500,000 to the management of Wesleyan university for the removal of that institution to the capital city. This was not a matter of sentiment. It was probably not devotion to higher education that led to the action. It was a business proposition and the men who were going to contribute liberally to the fund knew that the establishment of Wesleyan there would mean added business for the city and that each year thousands upon thousands of dollars would be poured into the trade of the city. The moral is plain.

GOVERNOR LOWDEN BELIEVES IN ECONOMY

"We Americans are famous the world over," said Governor Frank O. Lowden of Illinois recently, "for the triumphs and achievements of individuals in private enterprise. Isn't it about time that we gave some of our attention and genius to the greatest enterprise of all—public business? For public business affects every other business and every individual in the county."

"In days gone by it did not matter much. Our taxes were paid indirectly. And they were not heavy. We did not feel them. Today there is no problem of government in which taxation does not enter. One of the greatest evils today is the high cost of living. Taxation has a direct relation to that. I don't care how clever congress may be it has not the genius to frame laws so that excess profit taxes and income taxes will not be partly borne by the consumer. You can't reduce the high cost of living until you reduce the high cost of government."

REVENUE COLLECTIONS

Word has been received by the Bureau of Internal Revenue that there are in circulation in the Middle West and especially in central Illinois "absurd but nevertheless credited rumors" regarding the cost of collection of the income tax. The Bureau is told by a writer in Bloomington, Ill. that "one of the wildest statements that unfortunately is believed by some of the less thoughtful men of that part of the State is that it costs 60 per cent of the total amount of tax collected to pay for the cost of collection."

The total revenue collected by the Bureau for the fiscal year 1919 was \$3,850,150,078.56 of which \$2,600,783,902.70 as in income and excess profit taxes. The total cost of administering the internal revenue laws for 1919 was \$20,573,771.52, or 0.54 per cent of the total collections, as compared with 0.325 per cent for the fiscal year 1918 in which the expenditures amounted to \$12,003,214.07 and the collections \$3,698,955,820.93.

The increase in ratio was due chiefly to three causes: The program of investigating and auditing tax cases was greatly advanced during the year 1919. Large expenditures were made in connection with the assessment of income and profits taxes under the Revenue Act of 1913, although collections from these assessments were payable on the installment plan partly in the fiscal year 1919 and partly in the fiscal year 1920. Furthermore, the child labor tax law and similar revenue measures which are not expected to yield revenue commensurate with the cost of administration.

istration added materially to the cost of administration.

Rippling Rhymes
By Walt Mason

A Modern Instance.
My neighbor, Swatson, passing wise, believed in lots of exercise. He took long tramps and through daisies and dells, and swung huge clubs and iron bells, and all his frame was hard as nails; he was a model for all males. And he would come to me and say, "Why do you loaf the livelong day? You are too fat for any use; for such a waist there's no excuse. Why don't you walk twelve miles or nine, and have a shapely form like mine?" And he is dead and in his grave, while I sit here and sing and rave. He was so blithe three weeks ago! Then came the flu and laid him low. The same disease mixed things with me, and lost its pep and had to flee. The rules of health are tiresome stuff; they make life's sledding doubly rough, and I have always let them slide, and I hang on, where health fans died. I do not sit up, in distress, to count the symptoms I possess. A dozen scouts, and more than that, have told me I'm too heavily fat. I ought to follow where they led—and I hang on, and they are dead. I eat too much, and I despise all modern forms of exercise; and still I live and write my verse, while wiser men engage the hearse.

Funerals

LaBelle
The remains of Walter LaBelle who died at Passavant hospital Wednesday night were buried in Jacksonville cemetery Friday morning. A Christian Science prayer book was found in the pocket of LaBelle's coat after death. In it was written, "In case of death please notify Miss Nellie Cook Ramsey, Illinois."

Johnson
Funeral services for Mrs. Elizabeth Johnson were held from the residence of her daughter, Mrs. J. F. Berry, 1264 West College avenue at 1 o'clock Friday afternoon in charge of the Rev. T. H. Tull, pastor of Grace church. Mrs. H. C. Woltman sang with Mrs. Morton as accompanist. There were many beautiful floral offerings and these were cared for by Mesdames Guy, Lewis and Dunlap and Miss Annabel Crum and Miss Elizabeth Martin.

If you contemplate purchasing a talking machine do not fail to remember that you can get 20 per cent discount on any Pathe today at the PEOPLE'S FURNITURE CO. South Sandy Street.

MRS. HUGHES PASSED AWAY IN DENVER

Mrs. C. A. Catlin received a message yesterday announcing the death of Mrs. W. E. Hughes which occurred at her home in Denver, Colo., Wednesday. Funeral services were held in Denver Friday. Deceased was the widow of the late Col. W. E. Hughes who was a brother of the late Misses Eliza and Mary Hughes of this city.

Social Events

Mrs. G. W. Patterson Entertains Friday Social Club.
The Friday Social club met yesterday afternoon with Mrs. G. W. Patterson, 811 West North street. About fourteen members were present and they spent the afternoon in a general social time. The hostess served delightful refreshments during the afternoon.

South Side Club Closes Years Work.

The last meeting of the year for the South Side Circle was held Friday afternoon at the home of Mrs. Ollie Parker on West College avenue.

Mrs. T. H. Buckthorpe had charge of the program which was given over to reminiscences of the years work.

A boys "Jazz Band" furnished several selections. This band was composed of Lester Cornick, Henry Goebel, Norman Vieira and Ollie Parker, Jr.

The program was followed by a social hour during which the hostess served refreshments.

The meeting yesterday is the last of the season. New programs for next year were given out. The circle then adjourned to meet in September.

Murrayville Queen Esther Society Held Meeting.

The regular meeting of the Queen Esther society of Murrayville M. E. church was held with Miss Golden Blakeman Friday evening. Sixteen members were present and an interesting program was carried out as follows: Song—Society. Prayer—Stella Cunningham. Topic—Christian Americanization of the Negro. Leader, Gladys Osborne. Scripture Reading. Reading, After School, What—Dorothy Blakeman. Reading, Jimmy Comes Thru—Leda Blakeman. Reading, Little Stories—Grace Jennings. Clarinet Solo—Leda Blakeman. Following the program light refreshments were served and a social hour enjoyed.

Miss Dods' Entertainment In Honor of Miss White
Miss Bernice Dods' entertainment at 6 o'clock dinner Thursday evening in honor of Miss Lillian White who is soon to become the bride of J. Donnell Robinson.

Pink rose buds formed the table decorations with kewpie place cards which symbolized the coming wedding. The guest of honor was presented with a beautiful set of desert spoons.

Following the dinner the evening was spent with games and music. The hostess was assisted in entertaining by Miss Dorothy Dods' and Miss Garna Phelps.

The guests were: Miss Laura Bruce, Mrs. Elbert Blackford, Miss Lillian White, Miss Leola Spencer, Miss Catherine Blackford, Miss Bernice Dods' and Mrs. Pearl Johnson.

"Child Welfare" Subject Mound Womens Club.

The Mound Womens Country club met yesterday afternoon at the home of Mrs. Isahiah Strawn on the Mound road. There was a large attendance of members and guests. The guests were Mesdames Ingalls, Zachary, Loyd and Rawlings.

Mrs. Pearl Dolsar read a witty, but informing paper on the subject "Child Welfare", after which the members answered roll call by giving suggestions on the topic.

The club voted to care for one orphan in the Near East campaign. Resolutions of sympathy were also passed for Mrs. James Rice, a member, whose home was burned last week.

The next meeting will be held at the home of Mrs. Howard Stevenson. Mrs. Grottfried Tencid will have the paper. The annual election will be held at this meeting. The following nominating committee was named: Mrs. V. R. Riley, Mrs. J. W. Stewart, Mrs. Dorsey and Mrs. J. W. Clary. The hostess served light refreshments following the program.

Miss McLaughlin, head of the department of chemistry at the Woman's college, gave a lecture last night in the social room on practical work in chemistry. The lecture was illustrated by slides and moving pictures.

RESUME WORK ON VANDALIA ROAD

If Favorable Weather Continues Grading Will Soon Make Roadway Passable.

Work was resumed yesterday on the Vandalia road. Unless further rains come it will not be long until the road is in passable condition. A. E. Williamson has the contract and is using a "drag line" outfit which is the property of the Jacksonville Engineering Co. This is an equipment for the rapid moving of earth. The machinery can be kept here only a few weeks as the engineering company must use it on an extensive contract in the Sny levee and drainage district near Hull.

Engineer E. M. Henderson said yesterday that the hope now is to push the work along rapidly. The present fill is being made adjoining the Kitter land. After the embankment is in place it is probable that rip rap work will be put on each side in order to prevent washing.

WILL LIVE WITH J. W. LEGGETT

Organized Labor Leaders Declare for Lowden

DISTRICT NO. 12
UNITED
MINE WORKERS OF AMERICA
Affiliated with
A. F. of L.
508 Farmers Bank Bldg.
Springfield, Ill., March 3, 1920

Mr. Barney Cohen, Director,

Department of Labor,
Springfield, Illinois.

My Dear Mr. Cohen:

Having been asked to give expression of my opinion concerning Governor Lowden's attitude toward Organized Labor, I address this letter to you as a means of doing so.

To begin with I think I should say that I opposed Governor Lowden's nomination and election as Governor of the State of Illinois. I did so because I was fearful that he would not be in sympathy with Organized Labor if elected. However, since his election my work as President of the Miners' Union in Illinois has brought me in intimate contact with the Governor on many different occasions in connection with matters that were of supreme importance to the members of the Miners' Union. This intimate contact with him has enabled me to measure the man and to form a proper estimate of his character, and I must frankly confess that I have reversed the opinion I held at the time I opposed his nomination and election as Governor. I have done this because upon every occasion that I have found it necessary to confer with him concerning the affairs of the Miners' Union and the Organized Labor movement in this state I have found him earnestly sympathetic and willing to do everything in his power to satisfy the just claims of the organized workers.

In my opinion, to the Governor, more than to any other individual in Illinois, belongs the credit for the passage of our Workmen's Compulsory Compensation Law. In addition to this I personally know he has done many other things to promote the cause of the workers in this state.

As for his candidacy for the Presidency of the United States, I advise that I shall do everything honorable that it is within my power to do to secure his nomination and election, and my reason for doing so shall be because of my belief, which is based upon experience with the Governor, that he will accord the forces of labor sympathetic and just consideration should he be elected to the presidency.

Yours truly,
(Signed) FRANK FARRINGTON.

AMALGAMATED ASSOCIATION OF STREET
AND ELECTRIC RAILWAY EMPLOYEES OF AMERICA
Affiliated with The American Federation of Labor
Detroit, Michigan, March 2, 1920.

Mr. Barney Cohen,

Director of Labor,
Capitol Building,
Springfield, Illinois.

My Dear Mr. Cohen:

Your communication of even date, informing me that Governor Lowden of the State of Illinois is seeking the nomination as a candidate for President of the United States upon the Republican ticket, and that some are criticizing him because of his attitude toward labor, received.

You asked me that I give you a frank statement as to Governor Lowden's treatment toward the Amalgamated Association of Street and Electric Railway Employees in the State of Illinois. In reply I would inform you I am pleased to give you a statement upon this matter. As you are well aware, I am not of the same political faith that Governor Lowden is, but I assure you I am interested in seeing justice done to all men regardless of their political affiliations or opinions.

The experience of our Organization with Governor Lowden has been a very pleasant one. There have been many questions come up in that state affecting our membership in which we have had to appeal to the governor, and it has been a number of times we have had to make this appeal. We have always found him ready to meet with us and do everything he could to secure justice and fair treatment for the members of our organization.

In the serious situation at Chicago last summer where our men went on strike over the agreement situation, Governor Lowden was on the ground with us from the time the strike took place until it was settled. He met with the officers of our Organization and the officials of the Company and he urged strongly that the request of our men for better wages and the eight hour day be granted; especially do we appreciate the splendid position that he took in our behalf of the eight-hour day for our people in Chicago, and we feel that it was due as much to Governor Lowden's position as to any other cause that we were able to establish for this vast army of our people in Chicago, the eight-hour work day. The Governor took the position that the men should have eight hours that it was long enough for any man to work, and that public interest demanded that these men and women should not be worked over eight hours in any one day, and through this strong position taken by him we were able to bring about that settlement which has placed our people in a splendid condition in that city, and as I have said above, his attitude towards us in all our disputes in the state, have been fair and friendly at all times.

Trusting this will be a satisfactory answer, and with best wishes, I remain,

Respectfully yours,
W. D. MAHON,
International President.

OFFICE OF THE
CHICAGO BUILDING TRADES COUNCIL

Chicago, March 5, 1920.

I have followed closely some of Governor Frank O. Lowden's recommendations to the General Assembly of Labor, and I believe he has done much during the late war in bringing labor and employers closer together.

Very truly yours,
(Signed) SIMON O. DONNELL,
President.

Peoria, Illinois, February 25, 1920.

In Governor Lowden, I believe we have a very good friend of labor. As a boss barber I consider the laws passed by the recent Legislative bodies at Springfield were due to the governor's influence and ability to give a square deal to both the Union and Boss Barbers alike. Respectfully,

(Signed) CHAS. S. ENGLER,
706 North Adams St.

Decatur, Illinois, March 8, 1920.

In reply to your inquiry regarding the status of certain men in political offices, will say that from my own observation, I believe that Frank Lowden, as Governor of Illinois, has been fair in his attitude towards organized labor, as any man that has held that office in the past 12 or 15 years.

(Signed) R. G. WILLIAMS,
NOTE: (Mr. Williams is Secretary of the Decatur Trades and Labor Assembly, but their bylaws forbid him signing anything of a political nature, as an official of the organization.)
DAN DINEEN, Ex-Mayor.)

Peoria, Illinois, March 3, 1920.
From my observation of Governor Frank O. Lowden's attitude towards labor, in Illinois, I am sure that it is a safe man to endorse. Yours very truly,

(Signed) J. M. GOGGIN,
Business Representative, Steam Fitters Union No. 353.

Decatur, Illinois, March 8, 1920.

As a union man and a strong advocate of the cause, I have been a close observer of the attitude of different state and government officials toward organized labor. I can truthfully say, Mr. Lowden as Governor of our State, has been the fairest man toward organized labor that I have ever known.

(Signed) GEORGE ELLIS,
President Decatur Trades and Labor Assembly, 1918.

Decatur, Illinois, February 26, 1920.

In our recent conversation regarding the endorsement of different men for Presidential Candidates, it seems to me that our present Governor of Illinois, Mr. Lowden, has as good a labor record as any man I could think of to be endorsed by the laboring man.

I have lived here in Decatur for a number of years as you well know, and have been connected with the Wabash Railroad all during the labor condition in the state, and of course at the same time to note the record of our State Officials and their disposition toward the labor classes. I am sure he is a safe man and believe he will do the fair thing toward labor if he should be elected.

Yours very truly,
(Signed) H. E. COWLES,
Local Chairman, B. of L. E.

150 POUNDS OF CALF MEAL OR GALLONS OF MILK?

THE fact that many thousands of America's farmers raise all their calves on Blatchford's Calf Meal—and have been raising them on it for years—PROVES CONCLUSIVELY that calves THRIVE on it.

Blatchford's Calf Meal

Every pound of Blatchford's Calf Meal makes one gallon of rich milk substitute. With milk selling per gallon for about four times the cost of Blatchford's Calf Meal per pound, a wise and economical thing to do is to raise your calves on Blatchford's.

WHY NOT test the "Blatchford Way" this spring? Try it on one calf only, if you prefer—but at least MAKE THIS TEST. You are certain to be entirely satisfied with the way your calf will grow and develop—and the money you will save will open your eyes to the fact that the "Blatchford Way" is the sensible way, the economical way, the right way.

Sold in 5 lb. cans, 10 lb. and 25 lb. bags. Manufactured by the makers of the world-famous Blatchford's Condensed Milk—Blatchford Calf Meal Company, Waukegan, Ill.

"THE TRUTH OFTEN TOLD"

Here it is again. The unreasonable weather of the past two weeks has made it utterly impossible for farmers to do anything, consequently farm work of all kinds is another TWO WEEKS later than it would have been under normal conditions.

"THE REMEDY" is to come in and get a FORDSON TRACTOR while we still have one on the floor. You know we told you last week that the Fordson Tractor outfit was something like \$300.00 less than you can buy horses or mules, harness, implements, etc., for, and as the planting of corn will be late, naturally you will have to plow your corn through the harvest time, and by having a Tractor, you can let the Tractor cut the wheat and oats and at the same time keep the plows going. This is real farm talk; I farmed for twenty years and know all the "ins and outs" of the business. While on the farm I drove as good horses as anybody in the country, yet I would hate to go back to horses for transportation.

I also had as good farm horses and mules as anybody, yet were I to farm today I would certainly have a Fordson Tractor or two. Then when your harvest is over, take your tractor and your separator, thresh your wheat, then attach your gang plow and break your ground for fall seeding before the ground gets hard. By this method you get a better seed bed, etc. Now if you will excuse me for the present I will tell you more later. I just got a telephone message to send a Fordson Tractor with the Oliver Gang, the Roderick-Lean Tandem Disc, and the Pulley out to one of the most progressive young farmers in the county just as soon as possible. He further stated that later he wanted a Cultivator, a Wheat Binder and a Port Huron Separator. All these implements are accessories to the Fordson Tractor. But, we will sell you any one of them. Also Tractor oils and greases. Come in and let us tell you all about it, or better still, have us come out and give us a demonstration.

BILL TO QUIET TITLE WAS FILED FRIDAY

A bill to quiet title was filed in the circuit court Friday by W. W. Wright. This is a proceeding brought by Joseph W. Wilson against William Cregge, et al., in order to straighten out the title in real estate purchased some time since by Mr. Wilson.

WHY COUGH AND COUGH AND COUGH

Relieve it with Dr. Bell's Pine-Tar-Honey

ARE you going to let it stick and become a chronic condition?

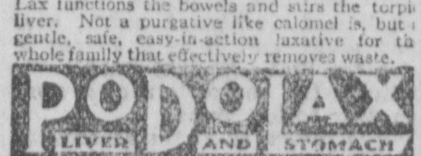

Of course not! Not when you know you have a preparation like Dr. Bell's Pine-Tar-Honey to loosen it up and so allow Nature to rid you of it.

The first dose will produce gratifying results. The second and third will convince you that Dr. Bell's Pine-Tar-Honey is an enemy to a cold.

The preparation is second to none for its soothing, relieving effect. Coughs, a gripe, bronchitis, asthma quickly relieved by Dr. Bell's Pine-Tar-Honey. 30c, 60c, \$1.20. All Druggists.

Best Treatment for Catarrh S. S. S. Removes the Cause

From the Blood

Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested, true and tried, is obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment. URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

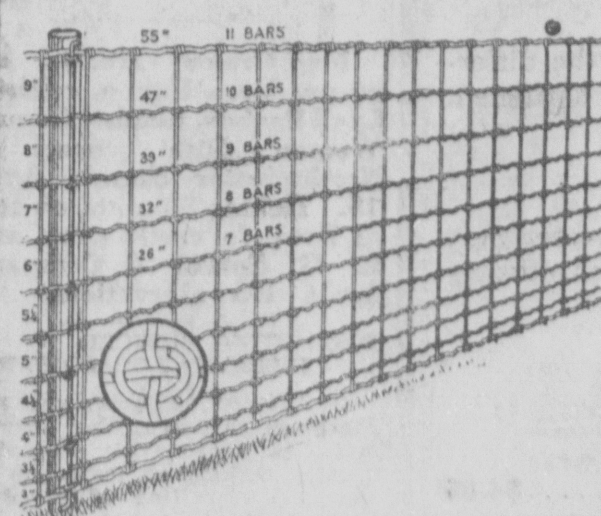

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

NUMBER 13 REBEKAHS RESERVE ANNIVERSARY

Gave Excellent Program Before Large Audience—Social Hour and Refreshments Follow.

Jacksonville Lodge No. 13 Rebekahs observed the 101st anniversary of the founding of Odd Fellowship at its regular meeting held Friday evening in Odd Fellows' Temple.

There was a large attendance of members and friends. The regular business session of the lodge was held and then a program of musical numbers and readings was given.

Frederick Myers and Miss Rebecca Schiebel of the faculty of the Illinois School for the Blind appeared on the program. Mr. Myers gave three violin numbers and Miss Schiebel a group of songs. Both are capable artists and their work last evening was received with enthusiasm.

Miss Alice Mathis was accompanist for Mr. Myers and Miss Schiebel.

Miss Frances Alkire also gave a reading which was greatly enjoyed.

Rev. W. H. Marbach, pastor of State Street Presbyterian church, gave an address. Mr. Marbach spoke upon the need of universal brotherhood and emphasized the fact that fraternal orders are a great assistance to the church in bringing about the desired end.

TERM CLOSES AT BRUSH COLLEGE

Thursday was an eventful day at Brush College school. The pupils and their parents came with well filled baskets and at the noon hour, the good things which constitute a basket dinner were spread and thoroughly enjoyed by all. Following the dinner in which the pupils did justice to themselves and their teacher. The closing feature was a treat of brick ice cream and cake given by the teacher.

A PRETTY PROGRAM FEATURE

A feature of "The Fizzles of 1920" at the opera house last night was a song dedicated to the Society of American Florists. Mrs. James Coddington was the soloist and as in beautiful voice she sang the verses the audience was very enthusiastic. Fully 500 bouquets were cast from the stage and balcony with the legend, "Say It With Flowers. Joseph Heintz & Sons." It was indeed an artistic feature of the program.

Edwin Dinwiddie, of Arcadia, was in the city Friday on matters of business.

FIZZLES OF 1920 IS GOOD ATTRACTION

Performance Witnessed by Large Audience—Members of Cast Acquitted Themselves With Credit.

The Fizzles of 1920 presented under the auspices of the United Commercial Travelers at the Grand Friday night proved a most pleasing performance.

The production was staged under the direction of L. E. Johnston of this city. Mr. Johnston is an old theatrical performer and the work of the members of the cast showed the result of his careful training.

The entire cast was local with but one exception. That was Miss Sherman who appeared in a special number, featuring several fancy dances. The program was made up of seven parts and furnished a varied program consisting of dancing, singing and vaudeville.

During the various acts the audience expressed frequent approval. The performance will be given again this afternoon and evening. The program and those taking part follow:

Sam Levinson with apologies to David Warfield and others.

U. C. T. Quartet. Lots of harmony.

The intruder, introducing Lester Cornick and his Jazz pals.

The Stranded Three, Mr. Craig, Mr. Day, Mr. Richards.

"In the Spring a Young Man's Fancy"

Cast

INJURED IN FALL
J. C. Alred, 412 East College avenue, a plasterer in the employ

GAVE HER STRENGTH
Mrs. Miller Says That is What Lydia E. Pinkham's Vegetable Compound Did For Her—Read Her Letter—

Minneapolis, Minn.—"I was run down and nervous, could not rest at night and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from my milk so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again and can't say too much for your medicine." Mrs. A. L. MILLER, 2633 E. 24th St., Minneapolis, Minn.

Since we guarantee that all testimonials which we publish are genuine it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help this woman it will help any other woman who is suffering in a like manner.

FREED FROM THE PHYSIC HABIT
Says her constipation ended and stomach trouble left. Tells how.

"I had stomach trouble and constipation very bad for a long time. Tried everything, but kept getting worse. I could hardly eat anything and my bowels would not move unless I took a physic every day. I have to support myself and two children, yet I couldn't work."

"The first bottle of Milks Emulsion did wonders for me, and I have continued its use until now I feel fine and can work every day. I have a good appetite, my stomach trouble has left me, and my bowels are as regular as clock work."—Mrs. Mary Widner, 103 S. Court St., Sioux City, Iowa.

Mrs. Widner found out what all sufferers should know—that pills, salts and physics do not end constipation, but usually make it worse.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

of Scott Carter, fell yesterday while at work in the Worthington building on South Main street. He was severely bruised and shaken up but not seriously injured. Dr. A. M. King was called and dressed his injuries. Mr. Alred was taken to his home and was reported to be resting easily last evening.

"My nails shine for a week without buffing when I use Glazo!"

—And they don't break or spot at all!"

The old buff-buff-buff just heated up your nails and made them dry and brittle—and you had to polish—polish every day.

But now comes a new method. Glazo, the new liquid polish, is applied with a brush—and it makes your nails a pretty glowing pink and polished for a week.

Glazo protects the sensitive nails from dust and scratching—and keeps them in perfect condition.

Get a bottle of Glazo today from your druggist or department store. Just 50c—and Oh! the time you'll save and the pride you'll have in your "always polished" nails.

Daily Market Report

SHARP UPTURN

IN CORN VALUES

(By The Associated Press)

CHICAGO, April 9.—Widening out of the railroad strike together with increased export buying of products led to a sharp upturn today in the value of grain. Corn finished 1 1/2c to 2 1/2c not higher and oats at an advance of 1 1/4c to 3 1/4c. Provisions closed 20c to 47c down.

The accepted bullish view of the railroad strike as effecting the corn market was that the big terminals are almost bare of any accumulation stock and that as contracts for shipments from the principal centers have yet to be filled the stoppage of transportation tends more and more to compel higher prices. Nearby deliveries of both corn and oats, it was urged must respond to this condition and would influence thru sympathy the deferred deliveries. Active European demand for wheat and rye counted further as a bullish factor and was ascribed largely to the Washington report pointing to small yield of winter wheat. The market was further strengthened by prospects that any indictment for alleged price manipulation here might not be returned for weeks yet. Oats jumped to the highest prices yet this season. Much of the impetus came from the closing out of spreads between Chicago and Winnipeg.

Provisions gave way with hogs.

FRED DAVEY DISPOSES OF HARDIN AVE. STORE

Fred Davey, Sr., has practically closed the deal for the transfer of his store and residence property at 459 Hardin avenue to Mrs. Nina Lumley of South Jacksonville. Mr. Davey has for some time conducted a grocery store in the Hardin avenue property and the new owner will continue the business. Vacant lots adjoining the store building with a frontage of 120 feet on Hardin avenue are retained by Mr. Davey.
In the transaction Mr. Davey becomes the owner of the property at 528 Reid street, which was recently acquired by Mrs. Lumley from Al Stewart. The latter expects to leave at an early date for California and Mr. Davey and family will take possession as soon as the house is vacated.

GIRLS WANTED

We want a few more steady girls who want permanent positions. Advance as you learn.

OFFICERS ARE CHOSEN FOR ROTARY CLUB

M. L. Pontius is Newly Elected President of Local Club—Will Take No Part in High School Name Controversy

The Rotary club as an organization will express no opinion with reference to the naming of the new high school building. At the meeting a week ago after students of the high school had brought the matter to the attention of the club, a committee named to investigate and report. This committee included W. L. Fay, Dr. J. R. Harker and Charles A. Johnson, and the finding of this committee was approved by unanimous vote at the luncheon yesterday. The resolution said:

"Your committee to whom the question of a name for the new high school was referred, would report that in their opinion the matter should be left in the hands of the board of education of the city of Jacksonville, with the suggestion respectfully submitted that they consider carefully as to whether an arrangement can be made by which the building proper can be made a memorial to Newton Bateman without changing the name of the Jacksonville high school as an institution.

"While making this suggestion, your committee would also add that we do not believe that it is a matter to which the Rotary club should be committed as a club."

After the report had been made by John S. Hackett as chairman of the special finance committee, the building committee in charge of plans for construction of a club house for boys and girls on Mercedia bay was given authority to proceed with letting of contract when in the view of this committee this seems advisable. Vincent Riley is chairman of the committee.

After some other matters of business had been disposed of the time was fully occupied by reports made by members of the club who attended the state conference in Bloomington, Thursday. After the luncheon hour the newly elected board of directors met and the following officers were chosen:

President—M. L. Pontius.
Vice president—Vincent Riley.
Secretary—Earl M. Spink.
Treasurer—Frank J. Heintz.

The new officers will enter upon their duties May 1.
Among those who made brief reports of the Bloomington meeting were Judge H. P. Samuels, H. L. Caldwell, Walter Ayers, E. E. Crabtree, John S. Hackett, L. T. Potter, W. E. Sullivan, John J. Reeve, Henry Frisch, Thomas V. Hopper and Earl M. Spink.

While there were social features in connection with the meeting and lots of music and fun, it was very evident from the reports given that the members of the Jacksonville club returned home impressed more than ever with the duty of service. The whole Rotary organization is based upon the principle of "he profits most who serves best." That motto runs thru the constitution, bylaws and practices of the Rotary organization everywhere. It was made clearer than ever before at this meeting that the duty of Rotary is not much to introduce movements as to aid in the good programs that others inaugurate.

There were at least 1200 Rotarians at the state conference and the reports presented indicated the splendid growth that the organization is making in Illinois. These same reports indicated too that work for Boy Scouts and kindred organizations of young people is everywhere accepted as a Rotary task.

At the international meeting in Atlantic City to be held two months hence all clubs are expected to make brief written reports in answer to specified questions, to indicate just the line of work for boys that has been undertaken.

TELEGRAPHERS OF C. B. & Q. AND C. A. A. HOLD MEETING AT WHITE HALL

Telegraphers of the C. B. & Q. and C. A. A. arrived at White Hall last Wednesday afternoon on various trains. Supper was served at Hotel. Stocks at 6 p. m. and then went to the K. P. Hall and the meeting was called to order. At 8 p. m. the meeting was opened by Secy. Korte, and report from last meeting held in Beardstown recently was heard, followed by a report from Member Bert Anderson, who is treasurer of flower fund, this being a great help to the Beardstown division, and is appreciated by all. Then followed the reading of the Cummins-Esch bill, which was indeed very interesting, and was listened very closely by all. A report from the local chairman McConnell was given what he had did during the past year. Brother McConnell is indeed the right man for the position. He has and is without a doubt a live wire, or he could not have handled the work he has in the past year. The meeting was appreciated by all and we wish to thank the C. & A. boys for helping us out. The meeting closed at 10:15 p. m. Seventeen members attended, six C. & A. eleven C. B. & Q. The next meeting is to be held in Beardstown in some near future date.

SPEAKERS LAUD GENERAL WOOD

Chicago Man Spoke in Behalf of Candidacy of General Leonard Wood at Court House Friday Night—Fair Sized Audience Heard Addresses.

A fair sized crowd was present last evening in the Court House at a meeting held in the interest of General Leonard Wood. Dr. A. H. Kennibrew acted as chairman and introduced the speakers the first of whom took up the duties of citizenship and spoke of the loyalty of the Negroes in every crisis. He complimented the city of Jacksonville for the harmony which he saw evidenced here. In speaking of the race question he remarked that it was no wonder that the President had failed to harmonize the twenty-six races of Europe when he could not handle two at home.

The second speaker, J. Gray Lucas of Chicago, showed how important the Negroes were in the United States and went on to tell of the friendship of Roosevelt for the Negroes and how General Wood had grown with them and was continuing the policies which Roosevelt has made and practiced. The whole argument of the speeches was that the General was the man on whom the mantle of Roosevelt should fall.

RICHARDS, "THE WIZARD"

The Grand theatre presents for three nights starting Monday, April 11, the greatest and most wonderful attraction ever seen on the American continent, presenting Richards, "The Wizard," and his stupendous show of wonders, which unquestionably is the most amazing performance of modern times, and comes here direct from a tour of America's largest cities, and will present the entire production intact, with the most bewildering array of laughs, thrills, mysteries and surprises ever assembled in one single performance. A solid carload of special scenery, Oriental draperies, costumes and effects are carried with the Richards production, making it a veritable blaze of color, a rainbow of beauty, a torrent of surprises, and a cyclone of clean fun. One hundred bewildering sensations, one hundred mystifying, dazzling wonders are embodied in this amazing attraction which has been secured for presentation at this city under the heaviest guarantee ever put up for any similar attraction. Everyone within reach of this city should avail themselves of this opportunity to see Richards as this unquestionably will be his last tour of the smaller cities for many months, and the management of the theatre positively guarantee this to be the largest, most costly and elaborate production of its kind ever brought here.

The Quality Store

Where Values Are Always Paramount

Value giving requires no demonstration at this store. That has become an established policy in our ever increasing patronage. While it is fair to assume that a fair profit must be had on every transaction—we can frankly tell you that we are selling you many lines of merchandise for less than we can replace them—and the reason is simply this: that we buy immense surplus stocks at the low market and sell them to you at the ratio we bought them irrespective of any future market.

Just now we are accumulating large quantities of Overcoats and other winter goods—for your next winter's price protection.

We prefer to promise LESS and give you more. This invites the patronage of level-headed Americans who buy with their eyes open—men and women who understand the economy of quality—folks who want the best and will pay what it is honestly worth. Men and women who have faith in the concern that asks an honest price—including an honest profit—for earnest goods.

We invite you here for value giving demonstration.

MYERS BROTHERS.

TO REPEAT RESURRECTION

On Sunday evening at 7:30 on the choir of the Congregational church will repeat, by request, the Easter Cantata. Manney's "Resurrection."

Mrs. A. R. Gregory directs the chorus and takes the soprano solos, Mrs. W. G. Goebel will preside at the organ. Messrs. Ben Lane and Clifford Carlson will sing the bass and tenor solos. This is a rare opportunity to hear one of the very finest Easter productions.

DEEP SNOW

Mr. and Mrs. Walter Patterson and children of the region of Joy Prairie were city visitors yesterday. Mr. Patterson said that one part of a road in his vicinity was so blocked with snow that when a way was dug through it the surface of the drift was even with the shoulders of a man on horseback. There was a bad strip of highway along that region and some teams passing that way with household goods had to double up to get through. The conditions are much better though the road is far from perfect yet.
